

**REMARKS**

Claims 1-4, 7-17 and 20-28 are pending and have been allowed. By this response, Applicants amend claims 1, and 14-28 and provide a new Title.

In this Response claims 1 and 14-28 have been amended in a minor manner to change the term "mobile terminal" to "speaker reproduction system." Applicants respectfully submit that this change to the wording of the claims does not change the scope of the claims in a manner which would be inconsistent with the reasons for allowing the claims. Specifically, on page 3 of the Notice of Allowance dated May 6, 2008 the Examiner states that the reason for allowing the application is because "Elliot et al. reference taken alone or in combination with another reference does not disclose or fairly suggest a speaker characteristic compensation method where the first cross processing step is based on a transferred characteristic through which a driving signal for driving the one speaker is transformed by an inner case acoustic, and a second cross processing step is based on a transfer characteristic through which a driving signal for driving the other speaker is transformed by an inner case acoustic coupling and emitted from the one speaker as recited in independent claim 1. Claims 14 and 27-28 are allowable for the same reasons stated above."

Applicants note that this language of the claim has not been modified or changed in any manner by the above associated amendments.

Further, Applicants have amended the Title to be consistent with the amendments noted above. The new title is "Speaker Characteristic Compensation Method and Speaker Reproduction System."

Applicants respectfully submit that the above-noted amendments to the claims and change to the title does not affect the allowability of the claimed

subject matter. Accordingly, the application should maintain its allowable status.

Should there be any outstanding matters that need to be resolved in the present application, the Examiner is respectfully requested to contact Chad J. Billings Reg. No. 48,917 at the telephone number of the undersigned below, to conduct an interview in an effort to expedite prosecution in connection with the present application.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies to charge payment or credit any overpayment to Deposit Account No. 02-2448 for any additional fees required under 37.C.F.R. §§1.16 or 1.147; particularly, extension of time fees.

Dated: **June 5, 2008**

Respectfully submitted,

By
